

NEXA NS3 Model Capital Project Turnkey Solution

One-stop Solution for Enterprise Asset Management

The NEXA **Single Source Solution (NS3) model** offers a single-source solution for time and cost-efficient, end-to-end capital project management, featuring a CQV team that can deliver a range of services from new facility start-up assistance to regulatory inspection support and remediations.

*We welcome the opportunity to learn about **your specific requirements** and tailor a strategy that optimizes manufacturing **efficiencies in your operations.***

CQV Services | Delivering Value

In July 2023, **SteriQual** was acquired by our parent company, Transcat, expanding our Validation service track to now include **Commissioning and Qualification**.

By integrating SteriQual into NEXA and harnessing the expertise of Transcat, our clients across all regulated industries can now receive the benefits of an enhanced suite of **Asset Management services**.

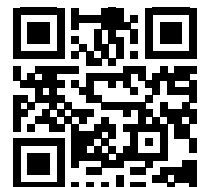

A Dedicated Team | Committed to Your Success

At NEXA, we specialize in delivering solutions that transform asset management programs across North America, Europe, and Asia Pacific. Partnering with us brings top-tier expertise to every stage of your assets' life cycle.

Single Source | Greater Accountability

In contrast to traditional multi-vendor approaches, our goal is to meet the diverse needs of our clients by offering a seamless and cohesive approach to deliver a **unified solution**.
