

Who we are:

NEXA | EAM, a Transcat company, founded in 2015 in Ireland, began with just one client and one employee. Today, we are a trusted advisor to leading companies in the Life Sciences industry around the world with a growing team of over 100 employees. Our team of understanding, talented professionals create value for leading Life Sciences companies by focusing on the delivery of Asset Management solutions to enable world-class production. Our commitment to achieving excellence helps our clients accelerate the delivery of life-changing products to market. We achieve this through our people, who are always our highest priority. Are you ready to join a growing team that values your contributions, development, and wellness?

Here's what you'll get:

- Work Life Balance.
- Never a dull moment! - Exposure to diverse projects with collaborative teams.
- A work environment that is both rewarding and challenging.
- Successful training program to acclimate you in your new role & continued learning, including tuition reimbursement and weekly dedicated time towards development.
- Competitive Full-Time Benefits including Paid Time Off, Health, Retirement, Education & more!
- In-person and virtual social gatherings and events.

NEXA | EAM is searching for:

A full-time and on-site, SAP PM Super User to support one of our clients with project needs in Dunboyne. You will form part of a team responsible for the delivery and optimal implementation of the SAP PM system. You will report directly to a NEXA | EAM, Project Manager.

About the job:

- Deliver SAP training either virtually, one-on-one or in a classroom setting.
- As an SAP PM Super User, be a resource to other employees and respond to SAP inquiries.
- Assist in the management of front-end work orders and processes; including demonstration of typical Planning / Scheduling activities.
- Creating Computerized Maintenance Management System (CMMS) data for equipment, preventive maintenance (PM), predictive maintenance (PdM), spare parts, and bills of materials (BOMs) in support of maintenance work management.
- Assist end users in set up of SAP accounts and associated hardware.
- Facilitates continuous improvement activities within the team.
- Ensures Job Plans are complete and ready to execute for the Maintenance teams.
- Other duties as needed.

We are looking for people with:

- A degree in a related discipline with relevant experience of which must be in a cGMP or other FDA regulated operation.
- Knowledge of cGMP and cGDP requirements and procedures.
- Experience with typical maintenance tasks, including PM, spare parts planning, work order lifecycle (generation, closure, review etc.) and configuration of Task Lists / Job Plans.

NEXA | EAM

95 W. Court St.
Doylestown, PA, 18901 | +1 267-935-9183
nexaeam.com

- Strong understanding of front-end maintenance in SAP (work order execution, scheduling etc.).
- Experience in facilitating/ conducting SAP Training.
- Strong computer skills including advanced proficiency in MS Office, specifically MS Excel.
- Ability to learn quickly and work effectively with little supervision when needed.
- Ability to coordinate, facilitate and organize resources in an efficient manner.
- Ability to multi-task in a high volume, fast-paced work environment with strict deadlines.
- Strong interpersonal, organizational, and communication skills.

Desirable:

- Maintenance Planning/ Scheduling experience in SAP PM.

You will be a match if you are:

- Understanding of your client's and colleague's needs.
- Willing to operate the NEXA way, every day, by showing relentless drive in ensuring success.
- Attentive to detail and believe passionately in "Right First Time."
- Proactive in everything you do.
- An advocate of continuous improvement, which is vital to continued success.
- Adaptable and flexible to meet client and project needs.
